Default Question Block

This survey is for the Spring 2027 semester, and the Winter 2027 intercession. This is for undergraduate courses only. If you would like to teach a graduate course, please contact the respective program head.

Please fill out the survey with as much information as possible. If we missed anything, you can type it into the "Is there anything else you would like us to know" question at the end of the survey. Thanks!

What is your preferred teaching modality? We are moving almost all classes in-person, however, there may be opportunities to teach online if you are interested and

have training/experience in that modality.

- ○ All in-person
- ○ All online
- ○ Prefer online but willing to teach in-person if that is all that is available

What training and/or experience do you have teaching online courses?

Note that all online courses have an in-person final exam.

Online synchronous final exams will be held during the respective time slot associated with your bell code (e.g., EW6, etc.).

If you want to teach an online asynchronous course, let us know when during finals week you are available and prefer to hold the exam (see calendar here: https://www.brooklyn.edu/registrar/academic-calendars/). Exact day/time is handled by scheduling, but we can submit a request for your preferred day/time.

The exam time slots are 8-10 am; 10:30-12:30; 1-3 pm; 3:30-5:30 pm; 6-8pm; 8:30-10:30 pm. The late afternoon

and evening slots are generally easier to book.

Which undergraduate class(es) do you want to teach? Please list the class(es) in order of preference and any other notes in the forms below (e.g., jumbo section, multiple sections, etc.). List as many as you'd like. Please indicate the course number too if you can (thanks!).

What days/times are you available to teach? Any preferred?

You can simply list day/time ranges, but please provide ranges that can accommodate standard bell code slots as we will need to fit our classes within those options (here is a list of Spring bell codes: https://employees.brooklyn.edu/base/fall-and-spring-bell-codes/)
